

GOT CLEAN STRETCH WRAP PLASTIC?

- Not sure what to do with all that stretch wrap generated during production?
- Tired of throwing it in the landfill because you don't have enough to warrant pick-up/disposal with one of the local recycling centers?

has joined forces with the Napa Zero Waste Collective* to offer you a solution!

The Co-op will now collect & bale that “CLEAN” stretch wrap. We will store the bales until we have enough to fill a [TREX](#) truck, who will then pick-up and repurpose that plastic to make decking and outdoor furniture. Please note that currently we are **only** taking stretch wrap with NO labels, tape, etc. If you have any questions, please contact Tamra Yoder, tamra@wineservicecoop.com

How: Bring your stretch wrap to one of our warehouses. A 3-yard bin will be clearly marked for stretch wrap. *No Biodegradable plastic wrap please

Where/When:

- 60 Harlow Court, Napa
- 1150 Dowdell Lane, St Helena

What: CLEAN stretch wrap (*no labels or tape*)

Notify Before Drop off:

Email Tamra Yoder, tamra@wineservicecoop.com, *before* drop-off. We want to make sure a WSC member is available, should you need anything or have questions while on site.

Let's take advantage of our power in numbers to make a positive impact!

[Rethink the resource life cycle and expedite your journey to zero waste](#)

***The Napa Zero Waste Collective is a group of wineries and partners helping to create a zero waste economy for all with the support of [TRUE](#).**

TRUE is a whole systems approach aimed at changing how materials flow through society, resulting in no waste. As part of our work with Napa Zero Waste Collective, we are developing strong markets for all materials changing them from waste to valuable commodities. With TRUE, your facility can demonstrate to the world what you're doing to minimize your waste output and create a circular, zero waste economy for all.

TRUE Certification is administered by [GBCI](#) and [USGBC](#). The main program is LEED for buildings. TRUE not only offers certification but a large number of free [resources](#) of “How To” documents, webinars, articles, etc. to jump start your zero waste program. For more information about the Napa Zero Waste Collective, please reach out to Megan Hernandez or Brooke Schenk at megan@bayardfoxselections.com & brookes@stsupery.com. For more information on TRUE, please contact Stephanie Barger at sbarger@usgbc.org.
